Earliest memory of cycling?

Trying to look cool riding around my village on my Raleigh Chopper (with flames stickers) that I got for Christmas one year. I loved that bike, wish I still had it.

What would you say to a school thinking about participating in Bikeability Scotland?

Please do it. This is the time for our young people to learn such an important life skill. If we teach them it now, they'll have this skill for the rest of their lives.

Best Bikeability Scotland moment?

Watching the confidence of the riders grow as we go through the activities.

Most likely to be heard saying....

Like most instructors... 'Pedal Ready!'
